

# Rural Climate Resiliency Dialogue

## Community Meeting

**October 15, 2015**

**1:00 p.m. - 5:00 p.m**

**Los Lunas Railrunner Station**

Sponsored by:  
Community Wellness Council  
Valencia County Planning and Zoning

Rural communities have an important stake in the climate dialogue. Please, be a part of our conversation as we explore three topics

1) How climate effects have a direct impact on our rural populations and economies

2) What are the worst and best possible outcomes of confronting our climate situation

3) What rural residents and the landscapes they manage can provide to make important economic and conservation contributions to climate mitigation and resiliency efforts

Please join us or send an appropriate designee
